

# Bring your home to life

## Introducing our Vision Studio showrooms

Our Vision Studio showrooms in Auckland and Christchurch are a fully interactive home environment complete with living, dining, kitchen, and outdoor areas. It showcases the variety of electrical solutions we have available. At the Vision Studio you can:

- View our range of switches and sockets, including the Design Award winning Saturn Zen™ range
- Find out about easy, effective energy saving options
- See and try out our home automation set-up
- Receive a customised consultation to complement the nature of your project, existing design choices, and influences
- See your vision come to life with expert advice from our electrical and building industry partners.

Free Vision Studio room consultations are available by appointment, and are suitable for both new builds and renovation projects.

11 Moncur Place, Addington, Christchurch 8024

38 Business Parade South, Highbrook, East Tamaki

# Switch on your style

Christchurch Vision Studio

If you are building or renovating, you may not realise that you have a choice when it comes to selecting the electrical elements in your home.

We can take you through our ranges of stylish switches and power outlets which come in a variety of colours and options, like brushed aluminium, matte, and glass-like finishes. We can also talk you through practical electrical options that can simplify living, help keep your power bills down, and modernise your home for the future.

Our free consultation can either take place in our Christchurch or Auckland Vision Studio showroom or we can bring the appointment to you - depending on your preference.

If you would like to know more, or book a free appointment please call 0800 568 888. We look forward to hearing from you and helping you switch on your style

Freephone **0800 568 888**

**Free in-home consultations available in Auckland and Christchurch**
