

550 SERIES

THE BEST FOR YOUR LIFESTYLE

Our 550 series is everything you want in an everyday speaker. Excellent sound quality, a robust build, and an elegant thin-bezel look make it perfect for a wide range of audio applications.

AVAILABLE MODELS

Architectural in-ceiling, in-wall, in-ceiling dual voice coil, point, surround, and LCR models are available in this series.

FEATURES

▶ BUILT TO LAST

Injection-molded polypropylene woofers deliver reliable low frequency performance.

▶ INCREASED AUDIO CLARITY

Adjustable tweeter(s)* made of durable teteron material allows for increased sound clarity at higher volumes.

▶ CUSTOMIZABLE SOUND

A tweeter adjustment switch can adjust sound for variances in room acoustics.

▶ RESONANCE-FREE

Oversize installation dog toggles hold the speaker firmly and eliminates vibration.

▶ SLEEK, SOPHISTICATED DESIGN

Elegant thin-bezel grille for a modern look.

*Tweeters are not adjustable on DVC and Surround models
